DR. JOHN BULL'S

SMITH'S TONIC SYRUP

FOR THE CURE OF

FEVER and AGUE

or CHILLS and FEVER.

The proprietor of this celebrated medicine, justly claims for it a superjority over all remedias ever offered to the public, for the SAFE, CERTAIN, SPEEDY, and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fall to cure if the directions are strictly followed and carried out. In a great many cases, a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect reac-ration to general health. It is, however, prudent and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, a single dose of BULL'S VEGETABLE FAMILY PILLS will be suffi-

and who, of the time of writing, was stationed at Broadway Charch, Lowbordle, Ky.

Doctor John Bull—Dear Sir:—Many thanks to you for the medicine you have so kindly given me. I have been a great sufferer for years, and had the advice of various physicians. Some pronounced my spine, some my lungs, and some my heart to be the seat of my disease. I have been burnd, blistered, and cupped, till I had become disheartened. Several very eminent physicians who examined my spine informed me that I was threatened with paralysis or appopleay any day, and that nething but a seton would relieve me. I had a perfect horror of that, and was hesitating about having one inserted, when you kindly sent me your Sarsaparilis, which I immediately begun to take three times a day. I suffered terribly with a most acute pain in the right side of my head, especially when I would read or write for any length of time, and on rising to my feet, I would be perfectly blind for several minutes, and would have to hold to something to prevent falling.

I am most happy to inform you that the pain is my head is entirely relieved; I suffer but seldom with my spine, and then not so acutely. My appetite is good; indeed, for the first time in my life, I enjoy my dinner more than any meal during the day.

You kindly seat me four bottles again last night, and I began again this morning, and I hope to be entirely relieved. Please accept my heartfeld thanks and host wishes.

BENTON BARRACKS, Mo., April 30, 1866, of tor John Bull—Deer Sir;— Knowing the efficacy of Sarsaparilis, and the healing and beneficial quality possesses, I send you the following statement of the state of the stat my case:

I was wounded about two years ago, was taken prisoner, and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not ast up a moment since I was wounded. I am snot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than anything else. I wish that which is genuine. Please express me half a dozen bottles, and oblige.

Dr. John Bull.—Dear Sir:—My husband was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age, he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It cured him. I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever-sores, and general debility. Perfect success has attended it. The cures effected, in some cases of scrofula and force ores, were almost miraculous I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.

Raspectfully,

"Oh, yes," was the reply. "Wall, den, ef it was good for slave niggers, how comes it to be so bad for free ones!" No answer, when last heard from.—Descer Times.

A GOOD STORY OF JACKSON.—General Jackson was once visiting a Kentucky town, where, among the gentlemen presented to im, was Major Lewis, who desired to impress Jackson and his admirers with his own independence. Taking a dignified attitude, he said: "Well, General, I have all my life been voting against you." Jackson courteously bowel to him and said, good humoredly: "Well, Major Lewis, I have all my life been fighting the battle of my country, in order that you might enjoy that privilege."—Galceston News.

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases, caused by derangement of the stomach, liver, and bowels, which require prompt and effectual treatment. Ayee's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety.

Aven's Pills are an effectual cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Biliousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhea, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered state of the digestive apparatus.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and redically.

As a Dinner Pill they have no equal.

While gentle in their action, these Pills are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.
